Dear Friend/Partner:

Once again, Servicios Latinos proudly invites you to be a part of our Annual Hispanic Heritage Celebration. Through the years, these festivities have allowed Latino/other families to be educated, to be connected, and to enjoy the beauty of diversity.

Servicios Latinos de Burlington County, Inc., is a social service agency (501c3) bridging the gap between the Latino community and critical services in the areas of health, education, housing, employment and other related services. Our agency operates on grants, fundraising events, donations and nominal fees. We depend on these events in order to continue serving Latino families and others in Burlington County. It is important to our community that each individual be given the opportunity to be informed, to be educated and to be able to utilize vital services in order to become productive and healthy citizens.

Hispanic Heritage is celebrated in the State of New Jersey during September and October. We hope that your business/organization will consider being part of this celebration. Please mark your calendar for the following dates and fill out the enclosed form:
